## **m.v. ALISON MacGREGOR – 2021 OPERATING SEASON**

I am delighted to write to inform you that our plans are well under way for m.v. Alison MacGregor operations during summer 2021.

Although we intend to commence the season in May as usual, in all likelihood, due to residual distancing and precautions, passenger numbers will initially have to be restricted. However I am confident that, as summer progresses, we can incrementally return to a full programme with a full boat.

We anticipate opening bookings in the New Year and will issue further news via the Solent Dolphin website [www.solentdolphin.co.uk](http://www.solentdolphin.co.uk) in due course.

For our supporters, passengers and crew alike I'm hoping for a good year - Spring is just around the corner!

Captain Nigel Bassett QVRM
